Right **Stuf!** FALL 08

Welcome to our Fall 2008 Catalog! As you flip through its pages, you'll see ample evidence the North American anime industry is both in flux and consolidating:

- New releases of series that fans thought "would never be brought over."

- Continuations and re-releases of series affected by Geneon's reorganization and ADV Films' restructuring that are now respectively distributed and licensed by FUNimation.

- More experiments with how series are released on DVD.

Speaking of these titles, Right Stuf's own Nozomi Entertainment has been on a roll with its sub-only box sets like *Emma: A Victorian Romance*, *Maria Watches Over Us* (a.k.a. *Maria-sama ga Miteru*) and *ARIA*, with more on the way for next year, including a series set for *Gakuen Alice*. Additionally, the end of this year and the beginning of 2009 will find Right Stuf revisiting some of its earliest fan-favorite titles with the first-ever DVD release of the classic *Toward the Terra* movie and new, remastered collections of *The Irresponsible Captain Tylor* TV series and OVAs.

Please continue to post in our forums, to e-mail and phone us with your questions and suggestions, and to call in to our *Anime Today* podcast. We're always looking for more ways to better serve you, both as a retailer and a publisher, and it's more important than ever to keep our conversations going. Have you thought of a way to make our store even better? Tell us! An idea for a sale? Tell us! New products for the store or a licensing suggestion for Nozomi? Tell us!

We listen to YOU. The fans are why we're still here – more than 20 years after releasing the first episodes of *Astro Boy* on VHS.

As always, thanks for your continued support! We look forward to hearing from you soon!

Aria The Animation – Bringing the Manga to Life

After catching pieces of production here and there and then enjoying the original manga by Kozue Amano so much, I was terribly curious about the Aria anime. The manga is a series of short vignettes celebrating whimsy, nature, and life set against an incredibly lush background of waterscapes. These interludes work beautifully on paper, but would all that come across when fleshed out into a full anime series? Three fantastic seasons and an OVA later, I'd say the answer is an unqualified yes.

If you were to watch Aria without having read much of the manga first, the look and feel of the two is so similar that you'd probably think that they were identical. However, upon comparison, there are actually a remarkable number of differences to discover. The manga's slice-of-life vignettes lend themselves particularly well to rearranging, and the animators took full advantage of that in order to introduce several popular characters in advance of when they first appeared in the manga, like Alice. You'll also notice in the anime that some characters appear in plots they hadn't originally been in in the manga, and that the animation team expanded upon the original stories with a few new ones.

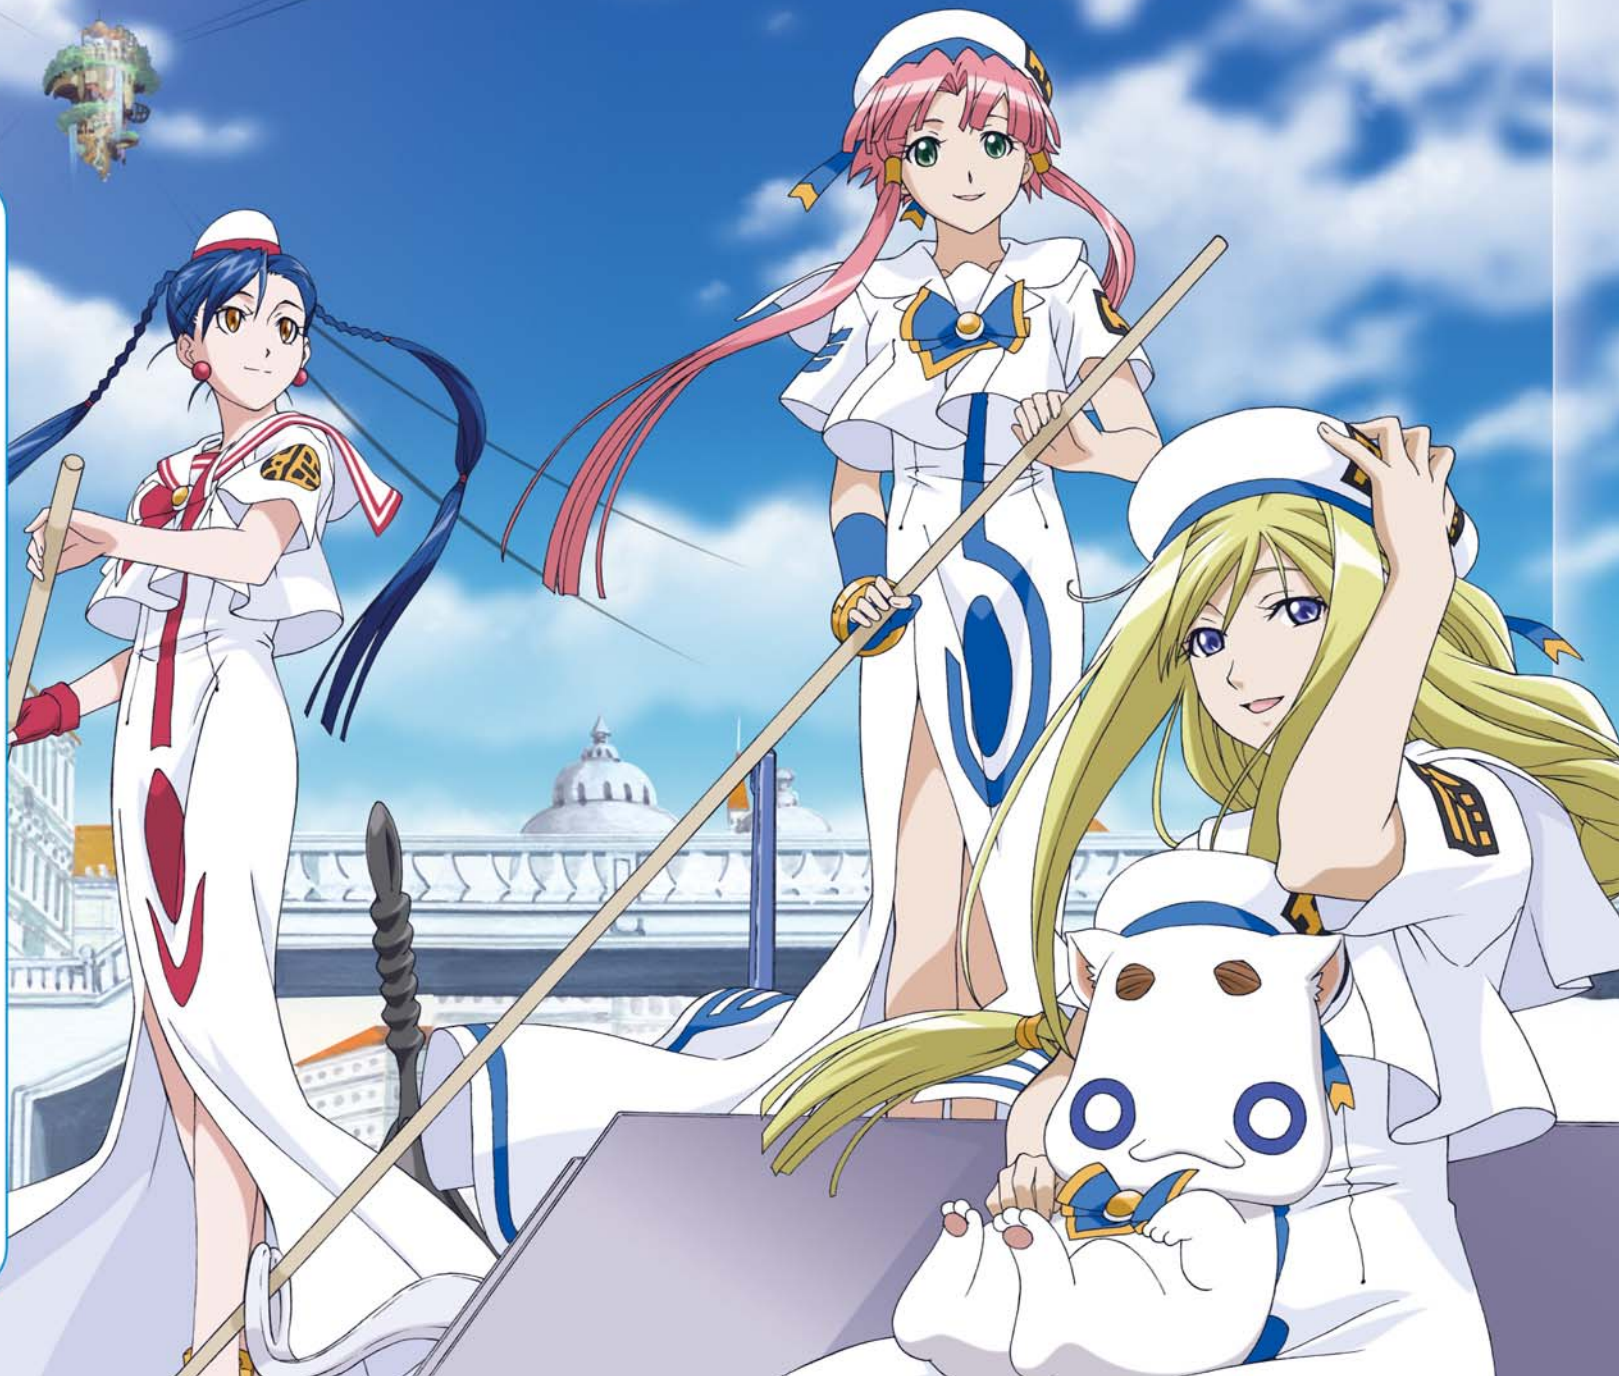

Despite these differences, the transition from manga to anime really does work superbly, and that's due almost entirely to the immense level of detail that the production staff put in. Atmosphere is absolutely key to Aria in any medium, and not only did director Junichi Sato and his staff maintain the style of the manga with its magnificent sweeping landscapes, but they also went to great lengths to preserve each character's design and individual personality. Akari is always Akari, Alicia always Alicia, no matter what wonder they may be encountering in either the manga or the anime.

Junichi Sato and some of his staff even took a research trip to Venice during production to make sure they accurately captured the feel of the city. Amusingly, what was the first thing they learned upon arriving and hiring a real gondolier for a trip around the city? They'd been animating the sculling motion incorrectly, a problem that certainly never came up in the manga! Fortunately, there was still time to go back and fix the problematic scenes.

During their stay in Venice, they were able to soak in the rhythm and atmosphere of the city and infuse them into the anime. They discovered new locations and were able to develop original ideas that expanded upon the manga, such as when President Aria runs away from home. The feel of the water, so crucial in the manga, was also heavily affected by their trip. For example, it was during a gondola ride that they realized that the wake of the boat was much smaller than they had initially thought it would be. And while it was already present Kozue Amano's story, the staff were still surprised by the population's completely laidback attitude, which they carefully replicated in the characters of Neo-Venezia.

Director Junichi Sato did a wonderful job bringing Kozue Amano's art to life, and it's been a pleasure to watch our production team put together the first season for release. Our office is always a whirl of activity, especially as release dates start to near, but an Aria episode is all it takes to conjure up the atmosphere of a relaxing sunny day spent at the beach or exploring a wondrous new city. I can't wait for season two. ☺

ITEM LISTINGS

Ratings System

To benefit our customers, we have implemented a rating system for many of our products based on the manufacturer's suggested rating for each title, as well as input from our own staff.

N/R

This title has not been rated.

ALL

Generally acceptable for children. No nudity. Possible mild violence.

12+, 13+, 14+

May contain violence, brief nudity, and/or mild language. May suggest sexual situations, but no such situations are shown. Parental discretion advised.

15+, 16+, 17+

Strong violence and strong language. Prevalent nudity may be contained within the picture. Mild sexual situations may be shown.

18+

Extreme violence, explicit nudity, and/or extreme language may be contained in the picture. May contain sexually explicit material. Absolutely not for anyone under 18 years of age.

Please note: Ratings used within our system are typically provided by the manufacturer. Because of the differences in ratings used by these companies, we have combined their systems with the descriptions of the ratings listed above. Right Stuf does not set ratings (except for its own products) and is not responsible for errors, omissions, or inaccurate ratings. These ratings are guidelines only and are subject to change.

Running Time / Video Length

Next to the age rating of each item, you will see the approximate running time listed for each video. Depending on the manufacturer, running times may or may not include extra bonus features such as previews. An N/A indicates that the running time is not available.

Edited and Uncut

Although many fans screech in horror at the very thought of altering the original Japanese version of a show, for a series to make it to American TV (or even into some retail stores) it must often be edited. This means that scenes containing nudity, excessive violence, blood, and foul language are altered or even totally removed. Anime purists may want the original in all its glory, but parents of young TV viewers do not. Manufacturers recognize this and often release both the Edited (TV Version) and the Uncut (Original Version) of the show.

Closed Captioning (CC)

While most DVDs have subtitling, not all have Closed Captioning (CC). For those titles that we know have this feature, we have listed CC in the line containing the item's part number.

DUB ONLY? SUB ONLY?

Although DVDs allow for the possibility of dual languages, it is not always possible to license a title for dual-language release in the States. So, you end up with manufacturers

releasing Subtitle Only (SUB ONLY) or English Dubbed Only (DUB ONLY) DVDs. Subtitled DVDs display the dialogue on the bottom of the screen while the actual voices are still in Japanese. Dubbed means the music is (probably) intact, but the voices have been redone in English. In our online system, you will note that subtitled is represented by (S) and dubbed is represented by (D). You will also see (H/L), which means that both the subtitled and dubbed versions are on the same DVD.

Release Dates

If an item has not yet been released at the time of this catalog's printing, you may see a release date listed for the item. However, manufacturers can (and often do) change these release dates due to production delays. If you are ordering an item with a release date and are concerned whether this item is on schedule, please feel free to check the item's release date through its online listing, contact Customer Service at 1-800-338-6827, or email Customer Service at info@rightstuf.com

Mosaic

The digital "mosaic" effect is sometimes placed over the relevant bits during a particularly adult sequence prior to the title being exported from Japan. When we are aware that a particular volume or title has this effect, we'll mark it as Mosaic in the volume listing.

OVA (OAV)?

These means Original Video Animation. In normal terms, this means a direct-to-video release.

Essential Anime / Anime Legends /

Viridian Collection

Certain DVDs are marked as "Essential Anime," "Anime Legends," or "Viridian Collection." These are re-releases of the original DVDs at lower prices. However, these new versions may or may not include all of the features that were found on the original release. If you are concerned that the DVD you are considering buying might not contain the features that you're looking for, please feel free to contact Customer Service or check the item's listing through our online store.

Missing Volumes

You may notice that some series are missing certain volumes. While this can mean that particular title is going out of print permanently, it can also mean that the manufacturer has simply depleted their stock and has not yet reprinted further copies.

You can also contact us day or night 7 days a week online:

On the Web: www.rightstuf.com

very unsecure and someone could steal your credit card number.

By Fax: (515) 986-1129

Can I get a new order form?

You can give us the information on the form or on any scrap of paper. As long as we can read it, you're fine (hieroglyphics just weren't our specialty in any life). You can also print one from our online pdf at: www.rightstuf.com/orderform

How can I check on my order?

If you placed your order through our online store (www.rightstuf.com) you can check your order status when you log in. Otherwise, simply call our friendly Customer Service people at 1-800-338-6827 or email us at info@rightstuf.com

How long is a typical item "out of stock"?

With a few exceptions, DVD delays can be measured in days. There are some freak delays, but 2-4 weeks is usually a safe figure. However, please keep in mind that some items are directly imported from Japan, and may be in short supply even there. Should the vendor be out of stock at the time of our re-supply order with them, it may be a bit longer. We keep thousands of items in stock, and our computer system automatically adjusts stock levels based on demand.

Can I use my coupons for an online order?

Yes, you can. Simply use the Coupon Code that is on your coupon when you place your online order. You can only use one coupon per order and only one catalog coupon per customer.

Can I order online Daily Deals or Special Pre-Order Discounted items through the mail or over the phone?

Sorry, but these special offers are only available through our online store at www.rightstuf.com. If you check in often enough, you might find some amazing deals online!

How many coupons can I use?

You can only use one coupon per order and some coupons can only be used through our online store. Please see coupon details for specific restrictions.

Do I need to add sales tax?

Only if you're shipping to an Iowa address.

If I move, should I inform you?

Certainly a good idea (Right Stuf would be the FIRST notice I'd send if I were you), especially if you want to keep getting stuff from us. Just drop us a quick note, giving us your old address and your new address, so that we can update our records.

MAIL-IN ORDERS

I want your online store and I wanted to order, but I don't have a credit card. Help!
Should you prefer to flip through the online store to select items, you can actually use it to place an order by mail! Simply select all of the items you want and place them

in your cart. When you proceed to checkout, make sure to choose the "faxed or mailed order" option. This will generate a printed form with everything already added up for you (no more calculators!) Just print this form and mail it in with your payment. Although you can use the online store to generate your order, nothing will be recorded by our system; so make sure that you don't lose your form or you'll have to re-enter everything all over again! Please note that online coupons are not valid on mail-in orders.

I saw a coupon on the internet; can I use it?

Some coupons and short-term deals, such as "Shawne's Daily Deals," can only be used through our website and cannot be honored for mail-in orders. This is generally due to specific date or manufacturer requirements, which cannot be imposed on mail-in orders. Please review the specific restrictions of the coupon to see if it can be applied to your mail-in order.

I saw a special deal / daily deal on the website. Can I put it on my mail-in order?

See coupon explanation above.

Why do you hold my order for 12 days when I pay by check?

Even with all this cool technology, checks can still require at least 12 days to clear. In a perfect world, this would not be so.

What's this NSF charge?

"Non-Sufficient Funds" means, in English, your check bounced. This is bad. We will charge you for this. There is a \$25 charge for all returned checks.

PAYMENT METHODS

Do you take Discover / VISA / MasterCard / American Express?

Yes to all. About the only plastic that we don't take are standard ATM and gasoline cards.

If I order using a credit card, when do you charge it?

Credit cards (by law in our state, actually) get charged only when the product actually ships. Unless there's some freaky deposit problem, that's the only time.

I'm an international customer.

What's with this extra data you need?
With international mail and credit card fraud becoming a growing problem, we felt it was better to ask you for additional information rather than charge everyone outside the country a lot more for their stuff. **For first-time orders only**, we require a copy of some form of address verification which shows your address along with a photocopy of BOTH the FRONT AND BACK side of your credit card. For security purposes you may black out one set of digits. Upon request, Right Stuf can provide a secure website location for our international customers to submit this information.

This policy only affects first-time international customers; however, should your address or credit card information change, we will re-request this information in order to protect you and to update our records. This policy is in place to help keep credit card fraud to a

minimum and to ensure that our customers have the utmost security when ordering with our company. This information is destroyed after verification.

SHIPPING

How long does it take to ship an order?

From the time we receive the order and place it in our system, standard processing time to ship it is 24-48 hours. If some of the items are on back order, it can take an average of 10-14 business days for us to receive the back-ordered items. Then standard processing time goes into effect.

What are your methods of shipping?

Please see our order form for details and prices.

Are there more shipping options available?

Additional shipping options are available for orders placed by phone or through our online store (www.rightstuf.com).

How much is the shipping charge for prepacks / box sets?

Shipping is simple: use the amount for a SINGLE item.

Why did the cost of shipping increase?

While we've held our shipping rates steady since 2001, the cost of transportation and fuel has risen substantially over the course of the last seven years. So, we have adjusted our pricing accordingly based on the rates we receive from the various carriers. Please note, however, that our free shipping option has remained the same!

I'm not at home during the day.

Can you ship to my office?

Certainly (in fact, we prefer to do this to ensure that you actually get your order), but please give us all the information that you can, including the name of the company, so that your friendly delivery person can get your package to you. We require that you include the business' name in the address. We are happy to work with you to get the product to you as quickly as possible. You can also choose to have the product shipped to you by mail instead. Please note: this policy applies only to our domestic customers; for international customers, we must ship to the billing address on your credit card.

I see express delivery and my order still took 2 weeks to arrive. Why?
You must have ordered a product that we didn't have in stock at the time that we received your order. If an item is out of stock when we receive your order, we still ship it out by express delivery the moment we receive it from the manufacturer. Although we do keep significant stock of the items in our catalog, there are times when there may be delays getting items from the manufacturer, as discussed above.

What happens if my country will not allow me to have this sort of DVD? / My order was seized by the border. What now?

Sorry. Please consult with the postal authorities of your country prior to placing an order for adult items. We will not be responsible for seized shipments and cannot provide refunds for seized products.

RETURNING MERCHANDISE

When I got my <insert title here>, it was bad. What do I do?

If your merchandise is defective due to a flaw in manufacturing, we are more than happy to replace the product. Unopened DVDs can be returned for Right Stuf store credit (or in the case of credit cards, refunded to the issuing card). All returns/refunds must be processed within thirty (30) days of the date on your purchase invoice. If you need to complete a return/refund, please obtain a return authorization number from Customer Service at 800-338-6827 or visit our online request form at: www.rightstuf.com/requestform

Do I have to pay shipping to return a product?

Yes, but we will pay the shipping to send the replacement back to you. We suggest using the least expensive shipping method available. If you have been shipped an item that you did not order, we will reimburse your shipping costs to return the item to us.

The packaging said it would include <special item>, but mine doesn't have it!

Unfortunately, we have no control over what the manufacturers decide to place inside of their products. Sometimes the manufacturers do provide special extras, but we cannot guarantee that these items will be inside of the products that we receive. However, should the item not be in your DVD, we would suggest that you contact the manufacturer directly. Of course, we are always happy to forward your request on for you!

GENERAL

Why do you charge for your catalog?

Unfortunately, paper does cost money. In order to keep producing a printed catalog, this means that we have to charge a small fee for it (but don't you think it's worth it?). However, first-time customers can get their money right back by using the \$4-off coupon on page 103! (Not to mention the other great coupons back there.)

Will I get your next catalog?

If you've ordered something from us in the last 6 months, you will automatically receive the new catalog when it is shipped. If not, you may find that you'll stop receiving catalogs (and you will have to send us the current catalog fee to reactivate).

When does your next catalog come out?

Why, every spring and fall!

Where are the Adult products?

Since our catalog is delivered to anime fans of all ages, we've taken special precautions to ensure that the younger fans are not exposed to products that contain explicit violence, adult situations, or sexual content (18+). Products of this nature have been placed in a special section just for adults. Please feel free to remove this section - it really won't hurt our feelings.

Please be aware that this does not mean that all items in the regular

sections are intended for young children. To help parents, we've taken special care to make sure that products are marked with age ratings.

What's this "Got Anime" thing?

An easy way to get an additional discount on your favorite anime items. For a small yearly membership fee, you get additional discounts, newsletters, and members-only specials! Read more about the Got Anime Purchasing Club on page 6. Please note that international members of the club no longer receive mailings, due to postage cost, but newsletters are available online.

Memberships are non-transferable, and will remain with the billing address of your account. If you move, please make sure to contact us with your updated information so that we can update your membership information.

Why don't you carry that many imports?

Limited availability of imports and lack of timely distribution of such overseas items make it difficult to provide quality imports on a timely basis. As such, these items are only listed on our online store, so if you're looking for a particular item, please check our website or call our customer service hotline.

Why don't you have <Title Here>

Audio Soundtrack CD from Japan?

See above question regarding imports. You also might want to check our soundtracks section because a number of titles are now being released domestically.

I really want to learn Japanese...

What resources do you have?

Tons! Right Stuf now has an entire section dedicated to helping our customers learn about Japan and the Japanese language! Whether you're just starting out or you're ready to move onto the next level, make sure to check out our "Language/Culture Books" section on page 41. It includes everything from textbooks and workbooks to memory aids and intermediate readers!

PRODUCT INFORMATION

I saw this show that I think might have been Japanese Animation. Do you have it?

If you can give us enough information, someone can usually identify the program. Please understand, though, that if you ask us about something where "there's a girl who's like a magic user, a guy with a sword who has big hair, and a villain who wants to take over the universe, and I think there are some cat girls in it," there's a problem. This describes about half the films ever made. Also, knowing what a series or movie is doesn't mean that it's available in the US as a licensed product, but it could be.

Why isn't <title here> available in the US?

You might be surprised to find out how much anime is available in the US. Of the few titles that remain unlicensed, some titles have their rights disputed, some licensors want more money than a title can possibly generate in this market, and, of course, some are currently in negotiation. With the

exception of a few TV series (which are a different matter entirely, due to their length), this just about covers it. We do not sell fan subs of non-licensed products or pirated copies of licensed titles.

Can I special order items that are not on the website?

Simply put: if it isn't on our website, we can't get it at the moment.

What are some good shows for children?

Although this is truly a matter of personal preference, we recommend Yugioh, Pokemon, Winx Club, Teenage Mutant Ninja Turtles, My Neighbor Totoro, Kiki's Delivery Service, Kimba, and Astro Boy for young anime fans. You might also consider the Sanrio titles like Hello Kitty. Look for the "ALL" age rating in item listings for child-friendly titles.

What's the most horrible, tasteless adult anime you offer?

That really depends largely on the person you ask. Some would say Cool Devices and Night Shift Nurses, others Love Doll and Bible Black. These titles are certainly not for the squeamish, and are most definitely only for adults. Look for them in the adult portion of the catalog.

DVD SPECIFIC

What is Region Coding?

Region coding is a geographical restriction for DVDs and players that allow for licensing of specific materials within different areas, or Regions, of the world. Since DVD players are region specific, you need to make sure that the DVD you purchase is coded for the same region as your player.

What region is my DVD player?

If you purchased your player from a retail outlet in the US, it should be Region 1. You can check the Region coding on your DVD by looking for the Region Code symbol on the packaging.

Region Coding List:

1. United States of America, Canada
2. Europe, including France, Greece, Turkey, Egypt, Arabia, Japan and South Africa
3. Korea, Thailand, Vietnam, Borneo and Indonesia
4. Australia and New Zealand, Mexico, the Caribbean, and South America
5. India, Africa, Russia and former USSR countries
6. People's Republic of China

Can my DVD play in a Playstation / Xbox / personal computer?

It depends on the DVD. There have been instances of some DVDs having difficulty playing in certain players. While the vast majority of DVDs will work just fine, we cannot guarantee all DVDs will play correctly on your Playstation, Xbox or personal computer.

Will a BluRay disc play in my DVD player?

Only if you have a special BluRay player or a Playstation 3.

**ちょっと待って! これを読んで下さい!!
(WAIT! READ THIS!!)**

So now you've done it. You're totally hooked on anime and manga and all you want is more, more, more! While you could wait for everything you want to finally get picked up for the States, you could also take the next step and learn Japanese yourself! To help you along on your quest, Right Stuf has created the section you see before you. We've gathered some of the top textbooks and learning aids to get you started along with many cultural books. Looking for something that you don't see here? Drop us a line and let us know what you're searching for!

Now, before you leap into this section, here are some notes on the Japanese language for total beginners:

Japan has three different sets of writing: hiragana (a syllabic alphabet usually used for native words), katakana (a syllabic alphabet usually used for foreign words), and kanji (symbols representing whole words/concepts). "Kana" refers to both hiragana and katakana. You'll want to start out learning kana, and then work your way up to kanji.

You've probably also heard the term romaji tossed around. Romaji is basically writing out Japanese words using the western ("Roman") alphabet. So while "dog" is "いぬ" in written Japanese, you may also see its romaji form of "inu" in Western textbooks.

The best way to get a true grasp on the language is to start with a series that focuses on hiragana and katakana, but some Westerners aren't as comfortable learning that way. For those of you who just want a quick jumpstart, you may want to check out the books that focus on romaji. We've tried to mark which style each book uses.

on pronunciation and vocabulary, culture notes, business vocabulary and etiquette, and a two-way glossary. Lessons are in both romaji and kana.

DR. SLUMP

This laugh-out-loud series stars

goofy scientist Senbei Norimaki, his hyperactive robot Arale Norimaki, and their comical misadventures with bad guys and not-so-super heroes. They live in Penguin Village where pigs walk upright and the sun eats ice cream to cool off. Nobody in the village suspects Arale is one of Senbei's inventions - even though she has superhuman strength and is always smashing into the town police car!

Please check to make sure you are in compliance with all local laws if you are ordering an adult product(s). For first-time orders only, we require a copy of some form of ID (can be drivers license, passport, credit card statement, utility bill, etc.), which shows your address along with a photocopy of BOTH THE FRONT AND BACK side of your credit card. For security purposes, you may black out one set of digits. This information is to help keep credit card fraud down and is for your protection as well. Upon request, Right Stuf can provide a secure website location for our international customers to submit this material. This information is destroyed after verification.

I'M RUNNING OUT OF FORMS!!

You are hereby authorized and deputized to make copies of this order form. As long as we can read it and all the information is there, you're fine. Copy away. You can also print one from our website at: <http://www.rightstuf.com/orderform>

WHAT IS MY SECURITY NUMBER?

Discover Credit Card Users

Flip your card over and look at the signature box. You should see your credit card number followed by a special 3-digit code. If you have chosen to use a Discover credit card for your order, the Security Code is required.

Visa Credit Card Users

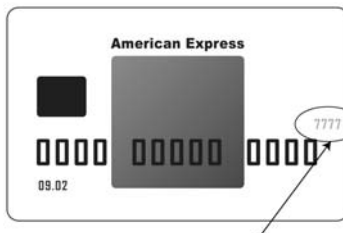

Flip your card over and look at the signature box. You should see your credit card number (or only a portion of it) followed by a special 3-digit code. This 3-digit code is your Security Code (CVV2).

MasterCard Credit Card Users

Flip your card over and look at the signature box. You should see your credit card number (or only a portion of it) followed by a special 3-digit code. This 3-digit code is your Security Code (CVC2).

SHIPPING INFO:

Please allow 2-6 weeks for delivery. It will almost certainly be closer to 2 than 6 weeks, but we like to err on the side of caution. Shipping confirmations are often sent via email to the address you provide on the order form so please make sure to write your email address as clearly as possible.

If someone will not be available at your home, consider having the package shipped to your work address (include your company name). If your package is returned to us, we will charge you additional shipping to reship it.

Express shipping means that your order will be shipped via 2 Business Day UPS. Actual shipment time can vary based on whether the item(s) is in stock at the time we receive your order. If you need your order as soon as possible, please consider placing your order over the phone (800-338-6827) or through our secure online store. (www.rightstuf.com)

Pre-order release dates can (and often do) shift about without the manufacturer informing us. If you are concerned about your preorder status, please contact customer service at any time or check the latest information on product updates on our website. (www.rightstuf.com)

For domestic orders: We may, at our option, ship your order in multiple shipments. Please note that, in general, only shipments using the economy ship method will receive partial shipments. Due to increased transportation costs, orders shipping by other methods or internationally may be held until the order is complete. You may request a shipment of in-stock items on your order at any time by contacting customer service for an additional fee based on the ship method that you have chosen for the order.

PAYMENT METHODS:

We accept Checks and Money Orders in U.S. funds. Sorry, no international checks. Please make all checks / money orders payable to Right Stuf, Inc. All checks require at least 12 days to clear our bank. Sorry, no CODs.

We also accept the following payment methods: MasterCard, Visa, American Express, or Discover. Sorry, you can't use your Mom's Sears card - or your Dad's BP card. For security purposes, we may contact you for additional information which may delay your order.

PLEASE DO NOT SEND CASH THROUGH THE MAIL!!

RETURN POLICY:

If your merchandise is defective due to a flaw in manufacturing, we are more than happy to replace the product. Unopened DVDs can be returned for Right Stuf store credit (or in the case of credit cards, refunded to the issuing card). All returns/refunds must be processed within thirty (30) days of the date on your purchase invoice. If you need to complete a return/refund, please obtain a return authorization number from Customer Service at 800-338-6827 or visit our online request form at: <http://www.rightstuf.com/requestform>

Products returned without a return authorization number, or those more than thirty (30) days after the invoice date, will be returned to the customer.

If the package was damaged while in transit (crushed box): if delivered by UPS, please contact UPS directly at (800)-PICK-UPS (1-800-742-5877) or if delivered by Mail, please contact your local postmaster.
